ANTOFAGASTA

First-time Americas Triathlon & Para Championships host. Antofagasta sits on Chile's northern Pacific coast between the Atacama desert. Expect a cool, dry, light-wind race in Southern Hemisphere winter (avg high 18 °C). Elite/U23 athletes contest a Standard race on Saturday with a bike circuit slightly longer than typical (8 × 5.414 km = 43.3 km), and the swim uses a distinctive beach-exit-and-re-entry between laps. Expect a wetsuit race in 14–16 °C ocean water.

COURSE FEATURES

- Pacific Ocean swim (~14–16 °C). Standard format swims 2 laps with a beach exit + re-entry between them with almost 100% chance of a wetsuit-legal swim.
- Bike: 8 × 5.414 km laps (43.3 km — ~3 km longer than standard 40 km) along Av República de Croacia ↔ Av Ejército. Flat, fast, some potential exposure to ocean breezes.
- Run: 4 × 2.5 km laps on Av Grecia coastal road. Flat asphalt out-and-back. Potential for fast splits given the cool conditions and terrain.
- First-ever AT Championships in Antofagasta. No prior race-day data;
