WORLD TRIATHLON

A warm welcome to the 2026 World Triathlon Para Series Montreal.

It is a real pleasure to bring our Series back to this remarkable city, which has played such an important role in the rise of elite Para triathlon since first joining the calendar in 2019. Montreal has quickly become a favourite stop for athletes, teams and spectators, with its vibrant character and strong commitment to inclusive sport.

Once again, racing will unfold in the spectacular surroundings of Parc Jean-Drapeau. On the start lists you will see Paralympic medallists and established stars lining up alongside the next generation of talent, all eager to make their mark as we move further into the LA2028 cycle.

This season, Montreal serves as the third destination on our Para Series, following the events in Devonport and Yokohama and ahead of Hamburg. Later in the year, the focus will shift to Pontevedra, Spain, where world titles will be decided in what promises to be a thrilling conclusion to the season.

I would like to offer my sincere appreciation to the Local Organising Committee, Triathlon Canada, Sport Canada, the Government of Quebec, and to every official and volunteer who has contributed to bringing this event to life. Your collaboration and enthusiasm for swim-bike-run are at the heart of occasions like this and enable our sport to grow and thrive.

To all athletes, I wish you every success as you chase your goals this weekend, whether that means a place on the podium and valuable points, or the satisfaction of a great performance. I also hope you find time to enjoy the culture, hospitality and energy of this great Canadian city as it once more showcases the excitement of World Triathlon Para Series racing.

Yours in sport,
Antonio F. Arimany
World Triathlon President

TRIATHLON CANADA

Dear Athletes,

On behalf of the team at Triathlon Canada, I would like to welcome you to the beautiful province of Quebec and world-class city of Montreal. We are thrilled to host you once again for the 2026 World Triathlon Para Series and Americas Triathlon Cup races, and our triathlon community is looking forward to witnessing your elite feats of endurance, athleticism, resilience, and racing prowess that embody all we love about this sport.

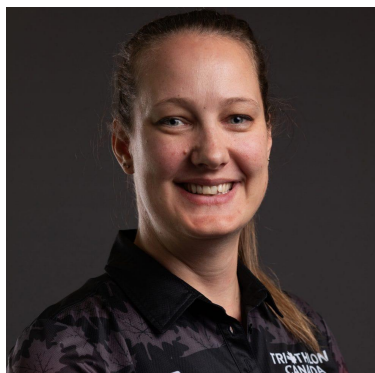

With the LA 2028 Games just over two years away, many of you are starting the exciting journey of reaching for the pinnacle of our sport in Los Angeles. For others it may be part of a longer journey looking beyond to 2032. Parc Jean Drapeau is an iconic venue in Canada, having played host to a historic 1976 Olympic Games as well as being a fixture on the Formula 1 circuit. I am confident this course will provide you with the platform to excel in achieving whatever your goals and dreams may be.

Our local organizing committee has been hard at work ensuring that a world-class event will be delivered, and we are in no doubt that this race will be one of the most enjoyable you compete in this season. Our LOC is one of the most experienced groups in the triathlon world, which will be evident as soon as you touch down in Montreal and arrive on course.

I also want to extend my thanks and gratitude to the coaches, technical officials, and volunteers who play a crucial role in making this event happen every year. Our community is the foundation of our sport, and I ask that you show your appreciation to all these individuals as you encounter them on race weekend.

I know that your race performance will be your highest priority, however, I also encourage you to explore Montreal whenever possible to experience a city rich in culture, energy, and diversity. I wish everyone the best of luck in achieving your race day goals, and hope that you leave with memories that last a lifetime.

Yours in sport,

Interim Chief Executive Officer
Triathlon Canada

TRIATHLON QUÉBEC

Dear Athletes,

Triathlon Québec is delighted to collaborate on the 2026 World Triathlon Para Series and Americas Cup, and to welcome you here in Montréal.

Sanctioned by recognized federations, these competitions meet the highest international standards. Supported by the expertise of the organizing committee, the event will also benefit from the presence of an experienced team of Canadian officials, ensuring that the races are conducted safely and fairly.

Your presence highlights the international elite and provides an exceptional showcase for triathlon, both locally and globally. You are an important source of inspiration for a whole generation of young athletes who aspire to grow and push their limits. By participating, paratriathletes and triathletes alike demonstrate the richness, diversity, and inclusivity of our sport, embodying inspiring examples of determination, resilience, and personal achievement.

We warmly welcome you to our beautiful province. Congratulations on your dedication and achievements: reaching this level of competition is a remarkable accomplishment. We wish you every success and an excellent race!

GENERAL INFORMATION

LANGUAGE

The official language of Quebec is French, however Montréal is a bilingual city where 56.4% of the population speaks both English and French.

TIME ZONE

The local time-zone is Eastern Time (ET), which is five (5) hours behind Coordinated Universal Time (UTC).

CITY OF MONTRÉAL

We know you can't wait to line up at the start and compete against athletes from around the world — but Montréal has so much more to offer.

With a population of approximately 1.8 million people, Montréal is the second-largest city in Canada and one of North America's most vibrant cultural capitals. Its rich cultural life is reflected in its world-class festivals, diverse neighbourhoods, renowned gastronomy, and dynamic arts scene.

Montréal has hosted numerous major international events, including Expo 67 and the 1976 Summer Olympics, and remains the only Canadian city ever to have hosted the Summer Olympic Games.

The city has proudly hosted the Canadian Grand Prix since 1978. It is also home to the world-renowned Montréal International Jazz Festival — the largest jazz festival in the world — as well as Les Francos de Montréal, the largest event dedicated exclusively to French-language music anywhere.

Sports fans will also recognize Montréal as the home of the legendary Montréal Canadiens, the National Hockey League team with the most Stanley Cup championships in history.

Whether you're here to compete or to explore, Montréal offers an unforgettable experience both on and off the course.

RACERANGER (1/2)

DEVICE DISTRIBUTION

RaceRanger devices will be distributed to athletes after the race briefing. Each device will be provided in a padded envelope, ready for installation:

- Zip ties already attached
- A QR code linking to detailed installation instructions

ATHLETES INSTALLATION

Athletes are responsible for installing the devices on their own bikes. Please follow the instructions accessible via the QR code provided. [All the installation details can also be found here.](#)

IMPORTANT – Installation order

1. Install the rear RaceRanger device
2. Then apply your bike race number sticker

If you apply your number first, it may occupy the optimal mounting position for the device.

BIKE CHECK-IN

A technician will verify the installation. Any incorrectly fitted or unsecured devices will be adjusted. This process helps reduce congestion and ensures a smooth check-in.

DEVICE IDENTIFICATION

Each device is identified by a QR code and a serial number. RaceRanger team will run a pre-race check to ensure the right devices have ended up on the right bikes.

RACERANGER (2/2)

If you are not confident attaching the units yourself, please bring them to the bike racking session, or feel free to contact RaceRanger at hello@RaceRanger.com.

Any attempts to tamper with or affect the performance of the RaceRanger units in any way is considered serious misconduct and a disqualifiable offence. In the event of loss or wilful damage to an athlete's RaceRanger units, charges may also apply.

IMPORTANT – If you DNS and do not rack your bike, please return the package to the RaceRanger technician at transition at bike racking time. Units will be removed by the RaceRanger technician while you are running. However, if you do not finish the bike section in the race, you must return your units to the RaceRanger technician at transition. DO NOT give them to any volunteers, or any other person.

All the installation details can be found [here](#).
